

KEY INSTANT RECALL FACTS

YEAR 2 – SPRING 2

I KNOW MY 10 X TABLE AND RELATED DIVISION FACTS

By the end of this term, children should be able to fluently recall multiplication and division facts for the 10 x table. They should be able to recall these numbers **instantly**.

Please note, where we have provided links to online activities we expect children to seek parent/carer permission to do this first.

<p>Children should be able to recall multiplication and division facts for the 10 x table.</p>	<p>You could work through the activities on this page: https://www.timestables.co.uk/10-times-table.html</p> <p>You could complete the division questions on this page (don't forget to choose '10 x table': https://www.timestables.co.uk/spug-division-tables.html</p> <p>Or, simply count forward and backwards in tens to 120 e.g. 10, 20, 30 . .</p>

TOP TIPS

The secret to success is practicing little and often. Use time wisely! Can you practice these KIRFs on the way to school either walking or by car? You don't need to practise them all at once: you could have a fact of the day!

Follow the instruction below to practice these skills by playing **Tommy's Trek – Times Tables**.

1. Use your laptop or tablet to access the following link or to scan the QR code:
<https://mathsframe.co.uk/en/resources/resource/318/Tommys-Trek-Times-Tables>

2. Click 'PLAY GAME'.

3. Click 'HOW TO PLAY' for the instructions and then click '10 TIMES TABLE'. Finally, click 'OKAY'
